EliteOps Energy Strips

NexGen Brands
1730 S Federal Hwy., #290
Delray Beach, FL 33483

Why EliteOps Energy Strips?

- No Niacin. No Taurine. No Sugar.
- Active ingredients are delivered in an edible film, sublingually.
- Individually wrapped in an airtight, waterproof foil package.
- Packaging is negligible in weight, can be easily stored and transported, and yields minimal waste.
- Fast and effective delivery of active ingredients.
- No intake of liquid required.
- Caffeine (100mg) and B-Vitamins (B6, B12) helps to increase energy and focus.
- No “crash”.
- Packaging format can allow for any number of individual strips from 3 - 20.
- Customize the “billboard” space with military branch/unit logo.
- LOW price per serving to consumer.

Cost (FOB Warehouse, Florida)

Cost/strip	$0.48125

Our recommendation, for any military application, would be a 10-serving pack. The cost would be $4.82 with an MSRP to the consumer of $10 ($1/strip).

MOQ: These are packaged (50) units to a box. All orders need to be in (100) unit increments with a minimum order of (500) units.

EliteOps Energy Strips are perfectly suited for military/first responders. They are completely **portable** and easy to carry. The packaging is **waterproof** and **airtight**, and will hold up to anything from water, to mud, to extreme temperature changes. These strips deliver in a more **effective** manner than energy drinks and/or shots. We are always **Mission Ready**.
